

Regents Recap

Highlights of the Official Actions of the Louisiana Board of Regents

March 27, 2003

Regents Approve Electronic Learning For Deployed Students

The Board of Regents today approved a plan that makes it possible for college students activated for military duty to continue their studies electronically, where possible, while stationed overseas or in the United States. The program is the first of its kind in the nation.

Under the program, called e-SGR (electronic-learning Support for Guard and Reserve), Louisiana public college and university students called to active duty while enrolled in classes will, where duties and location allow, be able to continue their studies via Louisiana's "Electronic Campus," as well as a host of other e-learning

(continued on page 2)

Program Approvals

The Board of Regents approved the following new academic programs:

M.S. in Hospitality and Tourism Management -
University of New Orleans

B.A. in International Studies - University of New Orleans

B.S. in Geomatics - Nicholls State University

B.S. in Community Health - LSU-Shreveport

The Board also approved the following redesigned teacher preparation programs:

Grades PK-3, 1-6, 4-8, and 7-12 Non-Master's/
Certification-Only Alternate Certification programs
at the University of New Orleans

Mild/Moderate Special Education Program at
Nicholls State University

Grades 1-6 and 7-12 Non-Masters/Certification-Only
Alternate Certification programs and grades 1 - 6
and 7-12 undergraduate programs at Centenary
College

(continued on page 2)

Gubernatorial Runoff Forum Announced

The Board of Regents announced that it will co-sponsor with the Board of Elementary and Secondary Education a gubernatorial education forum for the runoff candidates, to be held before the November election. The date, location, time and details of the forum will be announced in the near future.

Reorganization of LSU-A Administration Approved

The Board of Regents approved a plan authorizing LSU-Alexandria to reorganize its structure to bring the university's academic administration more in line with that of typical four-year universities. LSU-A will begin offering four-year degrees in the fall of 2003.

New EPSCoR Officers Approved

The Board of Regents today approved the EPSCoR Committee's nomination of Dr. Harold Silverman, Dean of the College of Basic Sciences at LSU-Baton Rouge, to serve as EPSCoR Committee chairman.

The Board also approved for EPSCoR Committee membership Dr. Nicholas Altiero, Dean of Tulane University's School of Engineering.

Regents Approve Formula Revision For Teacher Preparation Accountability System

The Board of Regents approved a revision in the formula for calculating the Teacher Preparation Performance Score under the Teacher Preparation Accountability System.

For 2002-2003 the score will be calculated using a weighted formula that takes into account the institution's regular and alternate certification completer rate (with extra points for completers who meet definitions for identified shortage areas), the PRAXIS examination passage rate, and the score on a standardized survey measuring completer satisfaction.

Previously, the Teacher Preparation Performance Score was based solely on the PRAXIS examination passage rate.

The 2002-2003 institutional reports for Louisiana's colleges of education will be available on April 7, 2003, on the Board of Regents' website at www.regents.state.la.us under "What's New at the Board of Regents."

Program Approvals (continued from page 1)

Grades 1-6 and 7-12 Non-Master's/Certification-Only Alternate Certification Program at Loyola University - New Orleans

Grades PK-3, 1-6 (Regular), 1-6 (Holmes), and 7-12 (Pilot) undergraduate programs at LSU A&M

Grades PK, 1-6, and 7-12 undergraduate programs at LSU - Shreveport

Grades PK-3, 1-6, 4-8, and 7-12 undergraduate programs at Southern University A&M

Grades 1-6, 4-8 (mathematics and science), and 7-12 undergraduate programs at Southern University - New Orleans

Grades 1-6 and 7-12 Non-Master's/Certification Only Alternate Certification program at Louisiana College

The Board also approved termination of the Associate of Paralegal Studies program at LSU - Alexandria.

Electronic Learning (continued from page 1)

opportunities. The e-SGR program, a Louisiana-specific option for Louisiana students, can lead to access to the Department of Defense active-duty "e-Army University" program for long-term deployment. The e-SGR program is an outgrowth of the Louisiana ESGR (Employer Support for Guard and Reserve) program, which works to foster business support for employees who are members of the National Guard or military reserve.

The Electronic Campus is a catalog of more than 700 courses, including 13 complete degree programs, available from public colleges and universities all across the state, conducted via the internet. General education courses will be the immediate target of e-SGR, making use of the new Board of Regents e-Matrix (an on-line course articulation matrix) for general education courses. In cases where the electronic equivalents of courses needed by activated students are available through the system (whether from the campus where the student was enrolled or elsewhere), arrangements can be made for students to earn some of their needed credit while activated, thereby reducing the delay in degree completion that might otherwise result from extended activation.

The e-SGR program was approved in honor of the late Carol Coltharp, an employee of the Louisiana Community and Technical College System and a former Regents Assistant Commissioner. Coltharp was the driving force behind the Regents' 1991 deployment policy for students activated during Operations Desert Shield and Desert Storm.

Louisiana is the first state to embark on such an endeavor, but other states are expected to use Louisiana's e-SGR as a model for similar programs. For additional information on the e-SGR program, contact Mike Abiatti, Associate Commissioner for Information and Learning Technology, at the Board of Regents.
