Element:

a. Implement Policies Established by the Institution's Management Board to Achieve Cohort Graduation Rate and Graduation Productivity Goals That Are Consistent with Institutional Peers

Data

Nunez Community College (Nunez) implemented the following policies established by the Louisiana Community and Technical College System (LCTCS) to achieve cohort graduation rate and graduation productivity goals that are consistent with institutional peers:

- 1.046 Delegated Authority Relating to the GRAD Act (Effective Date: June 13, 2012)
- 2.005 Student Organizations and SGA (Effective Date: November 14, 2012)

Complete policies can be found at www.LCTCS.edu/policies.

1. a. Implement Policies Established by the Institution's Management Board to Achieve Cohort Graduation Rate and Graduation Productivity Goals That Are Consistent with Institutional Peers

Narrative

Nunez Community College implements policies established by LCTCS. These policies are designed to provide student success opportunities, thus promoting student achievement and completion. Both directly relate to the GRAD Act.

Each academic year, as Nunez establishes its annual goals and objectives, a review of the previous year's GRAD Act measures are analyzed. The possible goals for the upcoming academic year are discussed by faculty and staff and then reviewed and approved by Nunez's Cabinet. Nunez's 2015-2016 Annual Goals follows:

1. Align Nunez Community College goals with the Louisiana Community and Technical College System 2020 goals.
2. Increase enrollment by five percent.
3. Increase programmatic/discipline accreditations.

These goals relate to the graduation rate, graduation productivity, and career enhancement goals by focusing on enrollment and retention.

Additionally, Nunez hired a full-time, ten month transition advisor to work with career and technical education and transfer students in assuring they complete their courses and training as quickly as possible. The transition advisor assists individual students in their career options and/or transfer options. She conducts workshops and seminars regarding career-related activities such as resume writing and interviewing skills. She coordinates mock interviews for students with industry partners before students are interviewed for a position.

a.i. Fall to Fall Retention Rate

Data

	Baseline	2012-2013		2013-2014		2014-2015	
		Target	Actual	Target	Actual	Target	Actual
Retention Rate	42.5%	44.1%	47.7%	44.4%	47.1%	44.7%	54.8%
Students in Fall Cohort	73		107		140		93
Students Retained to Next Fall	31		51		66		51

a.i. Fall to Fall Retention Rate

Narrative

Nunez has clearly met its targeted measures for fall-to-fall retention. Even though, Nunez has met this target, the College is implementing new policies and procedures to continue the success of this targeted measure. For example, Nunez continues to register students during the spring semester for the fall semester. Additionally, Nunez is targeting its cohorts more through designated early registration times and events. A full-time academic advisor, a part-time academic advisor, and a ten-month, full-time transition advisor meet with students to assure they complete their goals. The advisors target the GRAD Act cohort students first then they work with the "declared major" students who are nearing completion and then all other students. Furthermore

the advisors meet weekly with all students on academic suspension who have been allowed to continue their education. This semester, they have met with over 50% of the total students enrolled.

Nunez has also expanded its tutorials with a Success Center which houses math, reading, and English faculty and six student peer-tutors in the areas of math, biology, and English. Faculty in reading, math, and college success, as well as the career coordinator, hold “workshops” throughout the semester. Finally, Student Government Association hosts “Student Pizza Roundtable Discussions” where students can assist other students in where to go for help in areas such as assigned advisors, degree programs, transcripts, grades, study skills, tests and assignments.

iv. Graduation Rate

Data

	2008-2009 Baseline	2012-2013		2013-2014		2014-2015	
		Target	Actual	Target	Actual	Target	Actual
Graduation Rate	8.0%	9.2%	13.5%	9.5%	11.4%	9.8%	11.7%
Fall Revised Cohort	150		148		167		188
Completers within 150% Time	12		20		19		22

iv. Graduation Rate

Narrative

Nunez Community College’s actual graduation rate of 11.7% exceeded its targeted benchmark of 9.8%. Nunez has become more aggressive in tracking cohort completers. The full-time and part-time academic advisors and the transition advisor and the use of the advising function in Banner has allowed Nunez to increase its communication with all students with special emphasis on the cohort students. Advising for fall semesters now commences during the latter part of the spring term. Cohort tracking is conducted through the advisors. Finally, the addition of compressed semesters facilitates students completing their programs.

Element:

b. Increase the Percentage of Program Completers at all Levels Each Year

Data

		2008-2009	2012-2013		2013-2014		2014-2015	
		Baseline	Target	Actual	Target	Actual	Target	Actual
All Certificates	Percentage		8.2%	126.5%	10.2%	144.9%	12.2%	208.2%
	Number of Completers	49	53	111	54	120	55	151
Diploma (Award level 2)	Percentage		11.1%	-13.9%	13.9%	11.1%	16.7%	-2.8%
	Number of Completers	36	40	31	41	40	42	35
Associate (Award level 3)	Percentage		3.3%	23.6%	4.1%	56.1%	4.9%	82.1%
	Number of Completers	123	127	152	128	192	129	224

b. Increase the Percentage of Program Completers at all Levels Each Year

Narrative

The certificate level and associate level awards increased above the targeted amounts. Even though Nunez’s diploma completions were short of its benchmark, when combined with certificate completions, the benchmark of 97 (55 plus 42) was exceeded with actuals of 186 completers. Therefore, Nunez meets the targeted measures. Regarding, particular program completers such as the nursing program, the faculty analyzed test and clinical data to determine pharmacology was the area of most concern. Nunez continues to assist nursing students in pharmacology by including lessons and quizzes in every nursing course. Furthermore, as nursing was the only technical diploma for so long, Nunez has added two additional technical diplomas one in industrial maintenance and one in culinary entrepreneurship. This should increase the diploma award levels.

Element:

c. Develop Partnerships with High Schools to Prepare Students for Postsecondary Education

Data

High School Partnerships			
	Fall	Spring	Summer
High School Students Enrolled	926	883	3
Semester Credit Hours Enrolled	4151	4038	13
Semester Credit Hours Earned	3999	3885	13

c. Develop Partnerships with High Schools to Prepare Students for Postsecondary Education

Narrative

Nunez Community College partnered with the following high schools in 2014-15 to provide dual enrollment opportunities:

- Alfred T. Bonnabel High School
- Belle Chasse High School
- Chalmette High School
- Covington High School
- East Jefferson High School
- First Baptist Christian School
- John Ehret High School
- L. B. Landry High School
- L. W. Higgins High School
- Lake Area New Tech Early College
- New Orleans Center for the Creative Arts (NOCCA)
- New Orleans Military Maritime
- Northshore High School
- Oliver Perry Walker Senior High School
- Pearl River High School
- Phoenix High School
- Pope John Paul II High School
- Salmen High School
- Slidell High School
- South Plaquemines High School
- St. Katherine Drexel

Nunez Community College has a dual enrollment coordinator whose full-time responsibility is to assure success with dual enrollment. Additionally, Nunez employs a Career Coach for high school students in St. Bernard and St. Tammany parishes. This grant-funded coach assists high school students in obtaining information concerning all post-secondary experiences. Furthermore, Nunez has a transition advisor who works with the high school students on the Nunez campus to assure their success.

Nunez's dual enrollment program maintains a strong and vital participation among area high school students, accounting for approximately 36% of the total student population. Nunez's dual enrollment program increased by 39 students from the previous year's program. The successful completion of courses by dual enrollment students was 96% for Fall 2014 and 96% for Spring 2015.

Element:

d. Increase Passage Rates on Licensure and Certification Exams and Workforce Foundational Skills

Data

i. Passage rates on licensure/certification exams.

Program	Exam	2013-2014			2014-2015		
		# of Students Taking Exam	# of Students Passing Exam	Pass Rate	# of Students Taking Exam	# of Students Passing Exam	Pass Rate

Bronze	20	9	-55%
Silver	51	48	-6%
Gold	11	19	73%
Platinum	0	0	--
Total	82	76	-7%

iv. Other assessments and outcome measures for workforce foundational skills may be identified to report on workforce foundational skills. *Pending identification of other assessment and outcomes, institutions are not required to report on this measure.*

d. Increase Passage Rates on Licensure and Certification Exams and Workforce Foundational Skills

Narrative

Currently, licensure and certification exams are required for three programs at Nunez: Practical Nursing, Emergency Medical Technology, and the Associate of Science in Teaching. In addition, industry-based certifications are highly recommended to students/completers in Culinary; Electrical; Heating, Ventilation, and Air-Conditioning; Hotel, Restaurant, and Tourism; Industrial Technology/Process Technology; and Welding.

Graduates of the Practical Nursing program must sit for the National Council Licensure Examination (NCLEX) for Practical Nurses. Nunez receives information directly from the Louisiana State Board of Practical Nurse Examiners (BPNE) regarding its graduates' performance on the exam. In 2014-15, 34 completers took the exam and 30 passed, for a passage rate of 88.2 percent. Nunez continues to monitor the nursing program to assure continued success.

For 2014-2015, 14 of 25 EMT students passed the National Registry of EMT, reflecting a 56 percent passage rate. This is a decrease over last year's passage rate of 78 percent. The EMT department continues to review the student learning outcomes to determine directions to improve student success and has recently revamped its curriculum.

In Teaching (AST), Nunez had a 100% passing rate (2 of 2 students) on the Praxis I and Praxis II exams for Associate of Science in Teaching (AST) graduates in 2014-15.

The licensure rates for the 2014-2015 year decreased, along with the number of certifications for industry-based programs (-15%) for the 2014-2015 academic year over last year's rates. Nunez continues to review its programmatic student learning outcomes to determine the best methods for increased student success.

Since 2008, students interested in enrolling in technical Nunez Dual Enrollment courses funded by LA Early Start Program were required by their secondary institution to take WorkKeys assessments; however, this was no longer required as of the 2011-2012 academic year which meant a sharp decrease in the number of students taking the assessment. However, through Nunez's TAACCCT Grant, WorkKeys is highly recommended to students in the business programs. Students who are initially unable to complete their respective levels are encouraged to increase their skill and knowledge sets, as well as aptitude, through KeyTrain studies.

Performance Objective: Articulation and Transfer (2)

Element:

a. Phase in Increased Admission Standards and Other Necessary Policies by the End of the 2012 Fiscal Year in Order to Increase Student Retention and Graduation Rates

Data

Southern University of New Orleans and the University of New Orleans partner with Nunez in referring students who do not meet their admission standards. Nunez has articulation agreements with the University of New Orleans, Nicholls State University, Holy Cross University, Northeastern University, and Southeastern University. Articulation discussions are ongoing with Southern University of New Orleans and LSU Alexandria.

1. a. Phase in Increased Admission Standards and Other Necessary Policies by the End of the 2012 Fiscal Year in Order to Increase Student Retention and Graduation Rates

Narrative

The University of New Orleans, Nicholls State University, and Southeastern are working with Nunez to assure students have a successful adjustment from the community college to the university. Administrators and staff from these universities visited the Nunez campus and send representatives to the Nunez Transfer Fairs.

Element:

b Provide Feedback to Community Colleges and Technical College Campuses on the Performance of Associate Degree Recipients Enrolled at the Institution

Data

Southeastern Louisiana University provided feedback to Nunez Community College regarding 2013-2014 students who transferred (Appendix J). This number was half of what was reported last year (five students instead of ten). Still, with so few students it is difficult to determine trends; however, 80% of the students were successful from the first to second year retention as compared to 60% the year before. Additionally, the grade point averages of the students were higher with a cumulative 3.104 GPA compared to a 2.452 the previous year.

2. b Provide Feedback to Community Colleges and Technical College Campuses on the Performance of Associate Degree Recipients Enrolled at the Institution

Narrative

The feedback from Southeastern Louisiana University was limited to grade point average and select English and math courses. As no students enrolled in the selected courses, it is difficult to analyze. Through the grade point averages of the students, they appear to be successful.

Element:

c Develop Referral Agreements with Community Colleges and Technical College Campuses to Redirect Students who Fail to Qualify for Admission into the Institution

Data

- i. Number of students enrolled.

The only university to send us feedback is Southeastern Louisiana University. We did not receive any referral agreements from other universities and we do not know this information unless the universities send the list to us or if the student tells us so. No one self-identified themselves as being redirected from a university this year.

Nunez Transfer Rates to other Colleges and Universities - According to National Student Clearinghouse:	
First-time Full-time Cohort	Transfer Rate
Fall 2007	28%
Fall 2012	54%
Fall 2014	11% (40% still enrolled)

According to National Student Clearinghouse, all students (excluding dual-enrollment/HS students) enrolled in Fall 2014 had a 19% transfer rate (28% still enrolled, not eliminating completers).

2.c Develop Referral Agreements with Community Colleges and Technical College Campuses to Redirect Students who Fail to Qualify for Admission into the Institution

Narrative

The Board of Regents continues to convene Louisiana public colleges to articulate course offerings in a number of disciplines. The goal is to arrive at shared course offerings, course numbers, course titles, course descriptions, and course credits for core general education courses. Nunez has participated actively in this process.

As the LA Transfer Degree initiative has grown, Nunez has implemented (and contributed modifications to) the individual concentrations as they have been developed. The College has two and a half advisors assisting transfer students.

Nunez continues to benefit from a number of transfer and articulation agreements that have been negotiated by LCTCS at the system level for students interested in distance education transfer alternatives. These agreements are with Ashford University (Iowa), Kaplan University, Regis University (Colorado), Western Governors University (Utah), and the University of Phoenix (with nationwide locations).

In addition to the transfer agreements developed by the system, Nunez has created or updated 2+2 articulation agreements with Our Lady of Holy Cross College, Nicholls, University of New Orleans, Upper Iowa University, and Herzing. Most of these agreements have been in the areas of Teaching and Business Administration.

Element:

d. Demonstrate Collaboration in Implementing Articulation and Transfer Requirements Provided in R.S. 17:3161 through 3169

Data

- i. Number of students enrolled.

Transfer Degree Majors			
Associate of Arts/Louisiana Transfer (AALT)	Associate of Science/Louisiana Transfer (ASLT)	Associate of Science in Teaching (AST)	Total
93	120	47	260

d. Demonstrate Collaboration in Implementing Articulation and Transfer Requirements Provided in R.S. 17:3161 through 3169

Narrative

The Louisiana Transfer degrees continue to provide Nunez students with the opportunity to graduate from a two-year college and then seamlessly transfer to a four-year university in the state of Louisiana. The targeted benchmark was 194 which the College exceeded by 34 percent. Nunez continues to work with the students and the transfer institutions to assure students’ success. An advisor assist students majoring in the transfer degrees.

Data

- ii. Number of students completing.

Transfer Degree Completers			
Associate of Arts/Louisiana Transfer (AALT)	Associate of Science/Louisiana Transfer (ASLT)	Associate of Science in Teaching (AST)	Total
6	13	2	21

Narrative

For the 2014-2015 academic year, six students graduated with the Associate of Arts, Louisiana Transfer; thirteen students graduated with the Associate of Science, Louisiana Transfer; and two students graduated with the Associate of Science in Teaching. Nunez’s transfer degree completers decreased by 22 percent from last year’s transfer degree completers.

Performance Objective: Workforce and Economic Development (3)

Element:

a. Eliminate Academic Program Offerings that Have Low Student Completion Rates as Identified by the Board of Regents or Are Not Aligned with Current or Strategic Workforce Needs of the State, Region, or Both as Identified by the Louisiana Workforce Commission

Data

i. Number of programs eliminated: No programs were eliminated.

ii. Number of programs modified or added:

The Emergency Medical Services CTS was modified to accommodate current national standards (CIP: 510904).

A Technical Diploma in Business Technology with exits points from Technical Competency Areas and Certificates of Technical Studies all with industry based credentials is in the process of being approved as part of the updating of the Nunez computer curriculum (CIP: 520101)

Added: Technical Diploma in Culinary Entrepreneurship (120503)

Additional exit points were added to the allied health areas with the addition of the Certificate of Technical Studies in Patient Care Technology. Exit points include EKG and Phlebotomy options.

iii. Percent of programs aligned with workforce and economic development needs:

Seventeen of Nunez’s twenty-two programs (77%) are directly aligned with workforce and economic development needs. The other five programs allow students to transfer to a university before entering the workforce.

3.a Eliminate Academic Program Offerings that Have Low Student Completion Rates as Identified by the Board of Regents or Are Not Aligned with Current or Strategic Workforce Needs of the State, Region, or Both as Identified by the Louisiana Workforce Commission

Narrative

Seventy-seven percent of Nunez’s programs are designed to fulfill Louisiana and the Greater New Orleans region’s direct workforce needs. General Studies and transfer degree programs comprise the remaining curricula which offer students a more affordable two-year program for their bachelor’s degree before they enter the workforce. Additionally, Nunez is expanding its non-credit workforce sector with training in instrumentation, electrical, millwright, pipefitting, and welding.

Element:

b. Increase Use of Technology for Distance Learning to Expand Educational Offerings Data

- i. Number of course sections with 50% and with 100% instruction through distance education:

Number of Courses Offered via Distance Education			
	2013-2014	2014-2015	% Change
Number courses w/ 50% -99%	8	38	375%
Number courses w/ 100%	111	130	17%

- ii. Number of students enrolled in course with 50% and with 100% instruction through distance education:

Number of Students Enrolled in Distance Education Courses			
	2013-2014	2014-2015	% Change
Number students enrolled in courses w/ 50% -99%	104	510	390%
Number students enrolled in courses w/ 100%	1384	2001	45%

- iii. Number of programs offered through 100% distance education:

Currently, Nunez has no programs offered entirely through distance education. Nunez is awaiting SACSCOC approval. Nunez does offer five hybrid programs (which are less than 50% online), three associate programs (Teaching (Grades 1-5), CDYC and Paralegal Studies) and two certificate programs (CDYC and Paralegal Studies).

3.b Increase Use of Technology for Distance Learning to Expand Educational Offerings

Narrative

The benchmark for number of students enrolled in 50%-99% online courses was 746 and the actual number was 510 students. The benchmark for number of students enrolled in 100% online courses was 862 and the actual number was 2001 students.

Nunez Community College experienced increases in the 100% courses offered through distance education and the number of students enrolled in all distance education courses, although Nunez did not meet the benchmark for number of students enrolled in courses with 50%-99% online. There was an overall increase in the number of students in online courses.

Element:

d. To the Extent That Information Can Be Obtained, Demonstrate Progress in Increasing the Number of Students Placed in Jobs and in Increasing the Performance of Associate Degree recipients who Transfer to Institutions that Offer Academic Undergraduate Degrees at the Baccalaureate Level or Higher

Data

- i. Percent of completers found employed.

Elaine P. Nunez Community College Employment Data from Louisiana Workforce Development/BOR (March 2016): Percent of completers which were employed in Louisiana 6 months and 18 months after graduating (with the exception of the 13-14 cohort)

- ii. Increasing the performance of associated degree recipients who transfer.

Completer Employed and Transfer Rate				
Academic Year	Total Number of Completers	Total Surveys Returned	Total Transferring	Percent Employed
2012-2013	310	192	130	68%
2013-2014	352	205	121	59%
2014-2015	419	217	123	76%

3.d To the Extent That Information Can Be Obtained, Demonstrate Progress in Increasing the Number of Students Placed in Jobs and in Increasing the Performance of Associate Degree recipients who Transfer to Institutions that Offer Academic Undergraduate Degrees at the Baccalaureate Level or Higher

Narrative

Nunez Community College received current information from the Board of Regents/Louisiana Workforce Development and their 2013-2014 Cohort Completer Employment Rate is 73 percent. Nunez conducts a graduate survey each year. From that survey, students self-reported that 123 transferred to other education institutions and 76% indicated they were employed.

Each year Nunez hosts two job fairs. One job fair is exclusively for the industrial technology students; the other is open to all students and the community. These fairs aid in the placement of students, and give regional businesses the opportunity to “interview-on-the-spot” prospective employees. The general Job Fair has been a continuing benefit to the students since 2004 with the 2015 Job Fair hosting 27 companies visited by 123 prospective employees.

Performance Objective: Institutional Efficiency and Accountability (4)

Element:

c. Upon Entering the Initial Performance Agreement, Adhere to a Schedule Established by the Institution’s Management Board to Increase Nonresident Tuition Amounts that are not Less Than the Average Tuition Amount Charged to Louisiana Residents Attending Peer Institutions in Other Southern Regional Education Board States and Monitor the Impact of Such Increases on the Institution. However, for Each Public Historically Black College or University, the Nonresident Tuition Amounts Shall not be Less Than the Average Tuition Amount Charged to Louisiana Residents Attending Public Historically Black Colleges and Universities in Other Southern Regional Education Board States

4.c. Upon Entering the Initial Performance Agreement, Adhere to a Schedule Established by the Institution’s Management Board to Increase Nonresident Tuition Amounts that are not Less Than the Average Tuition Amount Charged to Louisiana Residents Attending Peer Institutions in Other Southern Regional Education Board States and Monitor the Impact of Such Increases on the Institution. However, for Each Public Historically Black College or University, the Nonresident Tuition Amounts Shall not be Less Than the Average Tuition Amount Charged to Louisiana Residents Attending Public Historically Black Colleges and Universities in Other Southern Regional Education Board States

Narrative

Annual Plan for Increasing Non-resident Tuition Amounts

On December 20, 2010, the Louisiana Community and Technical College System (LCTCS) requested Nunez Community College (Nunez) to present a plan to increase its total annual full-time tuition and mandatory fees for nonresidents from the existing level for 2010-2011 of \$4,948 to a target of \$7,444 for the 2015-2016 year (five year total increase of approximately 50%). LCTCS provided a worksheet to complete and return indicating the increased annual full-time tuition and mandatory fees for nonresidents for each intervening year. At the end of Fiscal Year 2012-2013 Nunez achieved 40% of the increase required to meet the target. At the end of Fiscal Year 2013-2014 Nunez achieved 60% of the increase required to meet the target. At the end of Fiscal Year 2014-2015 Nunez achieved 80% of the increase required to meet the target. At the end of Fiscal Year 2015-2016 Nunez will be at the target if Southern Regional Education Board average does not change.

Element:

d. Designate Centers of Excellence as Defined by the Board of Regents Which Have Received a Favorable Academic Assessment from the Board of Regents and Have Demonstrated Substantial Progress Toward Meeting the Following Goals

Centers of Excellence are determined by Board of Regents. Currently, Nunez does not have a designated Center of Excellence.

Percent of eligible programs with either mandatory or recommended statuses that are currently discipline accredited.

Data

Eligible Programs with Either Mandatory or Recommended Discipline Accreditation		
Title of Programs	CIP	Status
Certificate of Applied Science in Culinary Arts	120503	Nunez Researching Needs
Associate of Applied Science in Industrial Technology	150612	ATMAE Accredited
Associate of Arts in Paralegal Studies	220302	Nunez Researching Needs

Technical Diploma in Practical Nursing	513901	Nunez Researching Needs
Associate of Applied Science in Business Technology	520101	Nunez Researching Needs
Technical Diploma in Culinary in Entrepreneurship	120503	Nunez Researching Needs

Narrative

Originally, when the GRAD Act benchmarks were determined, Nunez had seven eligible programs. With the elimination of the computer information systems program last year, Nunez currently has only seven programs eligible for discipline accreditation. Currently, 14.3% of Nunez’s eligible programs with mandatory status are discipline accredited. Nunez’s Associate of Applied Science in Industrial Technology program is accredited by the Association of Technology, Management, and Applied Engineering (ATMAE). This percentage exceeds the 11% benchmark. The Certificate of Technical Studies in Emergency Medical Technician program is in process through the Council on Accreditation of Allied Health Education Programs (CAAHEP). The College received its Letter of Review. The team is visiting in April 2016.

Additionally, academic departments at Nunez are researching the feasibility of discipline accreditation in the areas of Culinary Arts, Paralegal Studies, Practical Nursing, and Business Technology. Each program has a plan to assure success when Nunez does apply for programmatic accreditation. Annually, Nunez engages in an annual review of the mandatory programs requiring discipline accreditation to determine the feasibility of applying for accreditation within the human and fiscal resources available.
