AUDIT COMMITTEE

SUMMARY OF OBSERVATIONS FOR THE TRAVEL AND PROCUREMENT CARD REPORT

An informational item by Postlethwaite and Netterville (P&N) was presented on the internal audit for the travel and procurement card (LaCARTE). Based on the procedures performed, eight observations were identified, all assessed to be of moderate to low risk to the organization. These observations primarily derive from the lack of completeness and consistent enforcement of a centralized agency policy and training of the policy. It was explained during
the audit exit conference that management is currently in the process of drafting an updated LaCarte Card policy to be followed by all agencies under the Board of Regents. The Director of Fiscal and Administrative Services at LOSFA has taken responsibility for developing the policy and indicated that the policy will be complete by November 2018. Following the completion of the new policy, procurement management will conduct a mandatory training for all cardholders and approvers.
